Revised Out of Hours Work (OOHW) Request, Condition C6

Dear Ms Sellen

I refer to your revised OOHW request seeking the Planning Secretary's approval under condition C6 of SSD-10340.

I note the revised OOHW request:

- has been reviewed by the Applicant, and no issues have been raised to the Department;
- indicates that previously approved OOHW, issued under SSD-10340-PA-79, could not be undertaken in full because of inclement weather impacting several of the eight (8) nights;
- is now for three (3) nights to undertake the remaining scaffold dismantling and temporary gantry removal works only;
- includes TfNSW Road Occupancy License which is only permitted for night-time works for the three nights;
- confirms that previous scaffolding dismantling and steel installation OOHW noise levels, measured at the nearest sensitive receptor, did not exceed the existing background noise level plus 5dB; and
- has been submitted to the Secretary before conducting the revised OOHW.

As nominee of the Planning Secretary, I approve the revised OOHW request, under condition C6 of SSD-10340 for three (3) nights (see Attachment 1) subject to the same requirements listed (1. to 5.) in the previously approved OOHW under SSD-10340-PA-79.

Please note that this approval may be reviewed should there be noise, parking or traffic complaints, or if the works are not implemented in accordance with the approved revised OOHW application.

Also, please make the revised OOHW request with supporting documents available for public access on the project website at the earliest convenience.

If you have any questions or would like to discuss this matter, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely
