

Fort Street Public School

Works notification

14 October 2021

Dear resident,

As part of the site establishment works at Fort Street Public School, temporary site accommodation units are required. These facilities will be delivered on **Saturday 16 and Sunday 17 October 2021**, subject to weather conditions. City of Sydney's restrictions regarding wide-load trucks require this delivery to take place on the weekend.

Trucks transporting the crane and site accommodation units will begin arriving at the Fort Street Public School upgrade site from 8 am on each day. Trucks will arrive on a staggered schedule at 30 minute intervals. Works are expected to be completed by 2 pm each day, subject to weather.

These works will be focused on the north east area of the site, with deliveries entering and exiting the site via Upper Fort Street and Watson Road. See below map of the traffic management plan for your reference.

Traffic control measures will be in place to assist with traffic movement where necessary. The traffic controllers will prioritise cyclists and pedestrians right of way during the works. Warning signs will be established during the works for pedestrians/cyclists and vehicles.

Weekend work hours

The NSW Government has recently passed legislation to allow construction hours to be extended outside of those specified in the development consent conditions in the Environmental Planning and Assessment (COVID-19 Development-Construction Work Days) Order (No 3) 2021 to protect the health, safety and welfare of construction workers and our community during the COVID-19 pandemic.

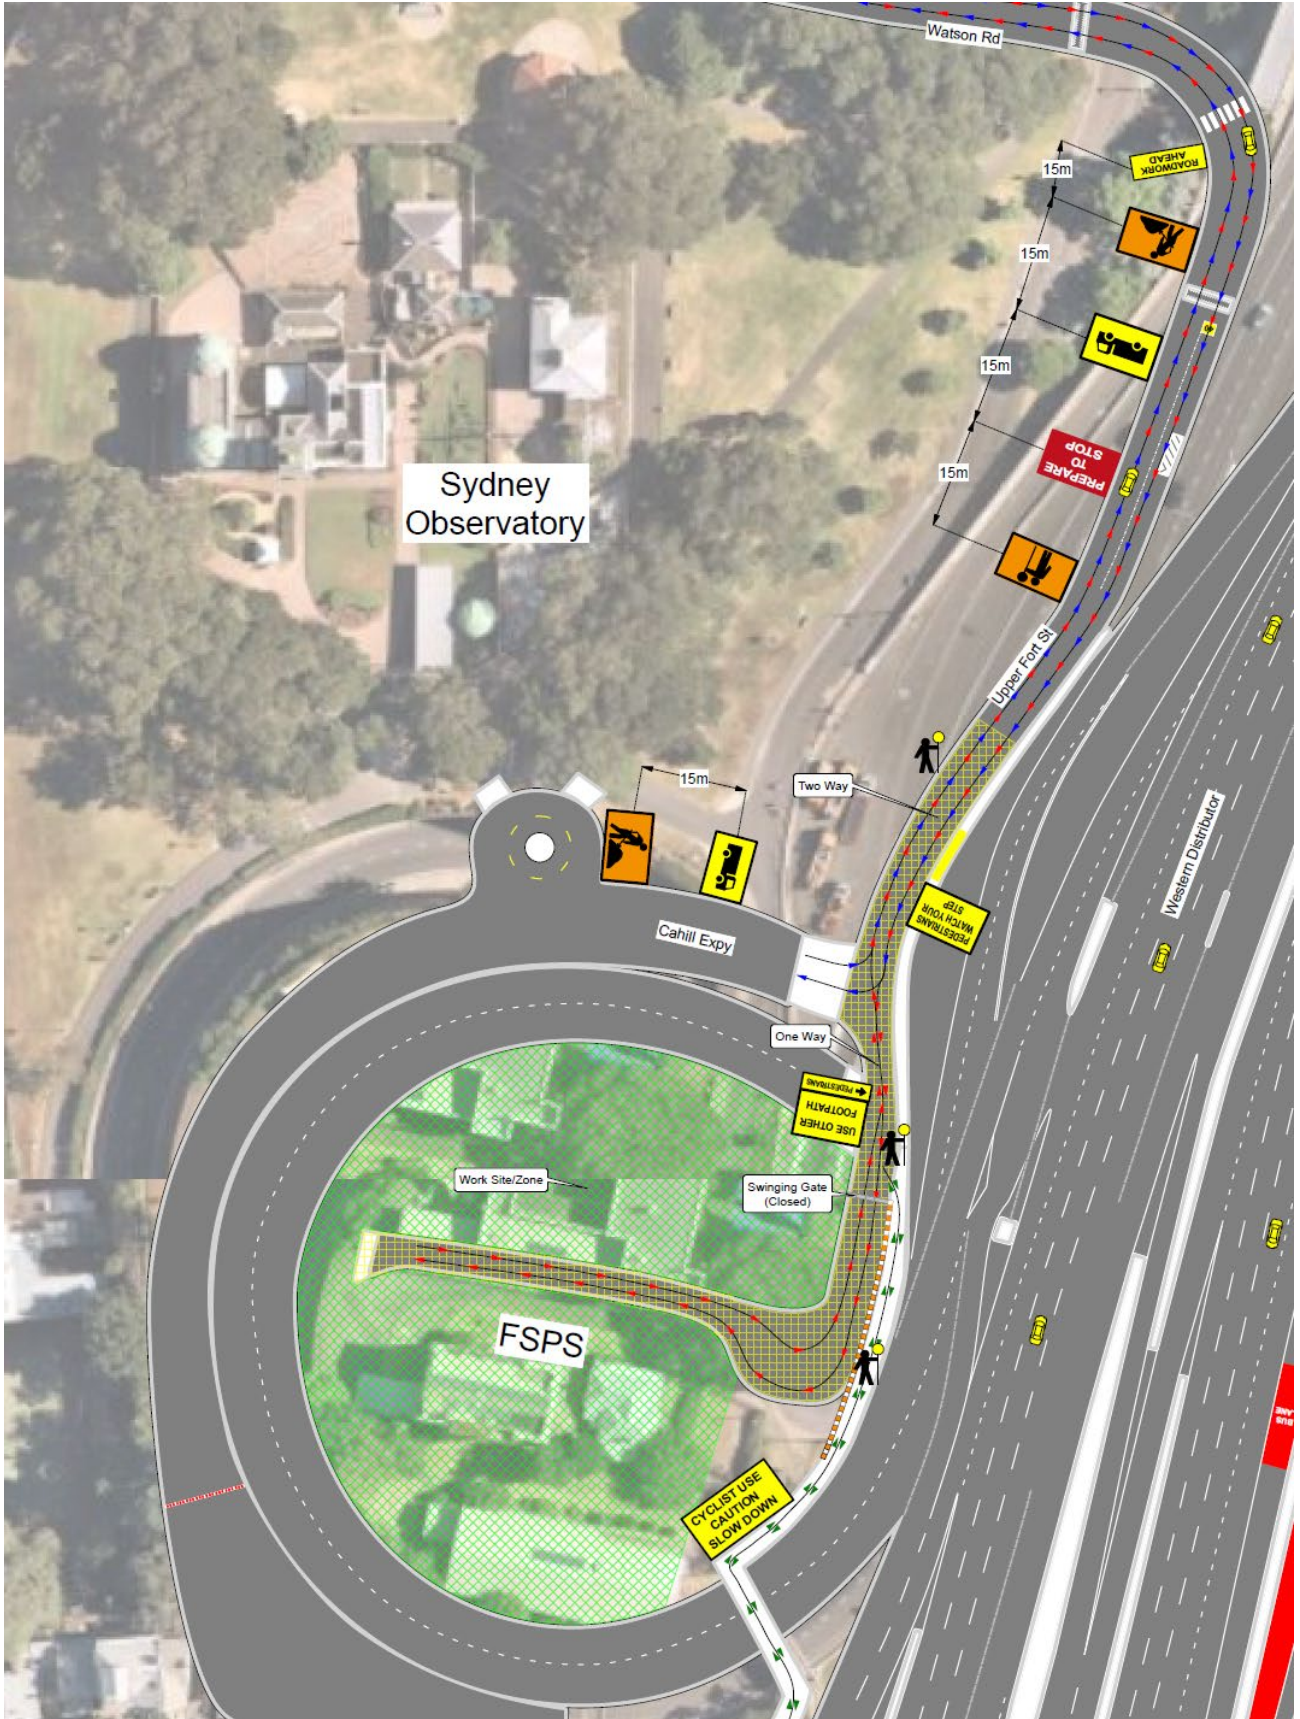

The work hours are 7 am to 6 pm Monday to Friday, and 7 am to 5 pm Saturday and Sundays.

Work completed on Sundays are restricted to certain activities to minimise noise and impact on the community. No work will occur on public holidays, unless otherwise notified.

Thank you for your patience as we deliver this important project for the Fort Street Public School community.
