

Fort Street Public School in Wentworth Park

Fort Street Public School in Wentworth Park

Project update

September 2020

Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Fort Street Public School to use pop-up school in Wentworth Park

Fort Street Public School staff and students will be relocated to the pop-up school in Wentworth Park while construction of their school upgrade is underway.

The lease agreement for Fort Street Public School's use of the pop-up school was recently approved by the City of Sydney, the Department of Education, the Wentworth Park Sporting Complex Land Manager and Crown Lands. The pop-up school in Wentworth Park will now be called Fort Street Public School.

Fort Street Public School's staff and students will be relocated for **Day 1 Term 4, Monday 12 October 2020**. They will remain at the pop-up school in Wentworth Park until their upgraded school is completed.

We understand the importance of the adjacent park for the local community and will work to minimise any disruption to its current function and access to the community.

About the Fort Street Public School upgrade

The Fort Street Public School upgrade will cater for growing enrolments and provide exciting new spaces for learning and teaching. We are proposing to increase the school's capacity through a range of new and refurbished buildings, which will be sensitive to the area's character and heritage.

The State Significant Development application for the upgrade is currently being assessed by the NSW Department of Planning, Industry and Environment.
