Subject: Re: Condition of Consent - B10 | Green Star Rating

Hi Amir and Guy,

The project has been registered to Green Star under number: GS-5555DA with a targeted 5 Star Rating under Green Star - Design and As Built v1.3.

Please refer queries for this matter to NDY who is engaged under the Head Design Consultant - BVN.

The Confirmation of Execution Certificate has been attached to this response for your information.

Please let me know if you have any further queries.

Kind regards,

Nick de Gorter

Subject: Condition of Consent - B10 | Green Star Rating

Hi David, Team,

Could SINSW/Colliers please provide all necessary documentation to satisfy B10, which we were advised was closed out already by SINSW. Snippet of B10 is provided below for your perusal:

B10. Prior to the commencement of construction, unless otherwise agreed by the Council, the Applicant must demonstrate that ESD is being achieved by either:

- (a) registering for a minimum 5 star Green Star rating with the Green Building Council Australia and submit evidence of registration to the certifier; or
- (b) seeking approval from the Council for an alternative certification process

I have also cc'ed Guy Bartlett who is our internal ESD/Building Services consultant and will be involved throughout the Green Star process on the project.
