

# Green Square Public School and Community Spaces

Works notification | 17 November 2023

A new school is being delivered in Green Square to provide modern fit for purpose education facilities to meet enrolment demand in the area. Green Square Public School and Community Spaces are being delivered by the NSW Government in collaboration with the City of Sydney.

## Hoarding installation between Monday 20 November and Friday 8 December 2023

From Monday 20 November hoardings will be installed around the external perimeter of the work site. During this period there will be an increase in traffic activity around the site due to deliveries. Cranes will also be operational within the work zone.

## Temporary impacts on Zetland Avenue

The southern end of Zetland Avenue between Portman Street and Joynton Avenue will be closed for the duration of the crane installation and works affecting westbound traffic and cyclists. The footpath between Joynton Avenue and Portman Street will also be closed during this time, pedestrians will be required to use the adjacent footpath on Zetland Avenue.

Traffic management will be in place to divert traffic and pedestrians safely around the road closures for the duration of the work. Please observe restrictions and traffic controllers when in the area. See the map overleaf for further details.

There will be a temporary loss of existing public car spaces along Zetland Avenue during this period, which will be used as vehicle staging areas for construction deliveries. Deliveries will be conducted during work hours and traffic control will be in place to ensure the safety of pedestrians and cyclists.

## Staying informed

School Infrastructure NSW will continue to share updates as the project progresses.

For more information about the project visit the project website at [edu.nsw.link/GSPC](https://edu.nsw.link/GSPC) or by scanning the QR code below.

We thank the community for your patience as we deliver this important project.
