

# Green Square Public School and Community Spaces

Works notification | 22 September 2023

A new school is being delivered in Green Square to provide modern fit for purpose education facilities to meet enrolment demand in the area. Green Square Public School and Community Spaces are being delivered by the NSW Government in collaboration with the City of Sydney.

## Crane Installation - Thursday 5 and Friday 6 October

Crane installation at the Green Square Public School and Community Spaces construction site is scheduled for Thursday October 5 and Friday October 6 from 7am to 6pm.

## Temporary impacts on Zetland Avenue

The southern end of Zetland Avenue will be closed for the duration of the crane installation, affecting westbound traffic and cyclists. The footpath between Joynton Avenue and Portman Street will also be closed during this time, pedestrians will be required to use the adjacent footpath.

Traffic management will be in place to divert traffic and pedestrians safely around the road closures for the duration of the work. Please observe restrictions and traffic controllers when in the area. See the map overleaf for further details.

## Parking

There will be a temporary loss of existing public car spaces along Zetland Avenue, which will be used as vehicle staging areas for construction deliveries. Deliveries will be conducted during work hours and traffic control will be in place to ensure the safety of pedestrians and cyclists.

## Staying informed

School Infrastructure NSW will continue to share updates as the project progresses.

Visit the project website at <https://edu.nsw.link/GSPC> or scan the QR code below for all the project details, project updates and notifications.

We thank the community for your patience as we deliver this important project.
