

Green Square Public School – including information about community spaces

Works notification | January 2022

A project is underway to deliver a new primary school and community spaces in Green Square. The project is jointly funded by the Department of Education and the City of Sydney and includes fit-for-purpose learning spaces and core facilities to meet enrolment demands in the area. It also includes a number of community and shared spaces, including multipurpose spaces, a games court and adjacent courtyard, and a community hall.

Our November notification

As part of our early works, we have created a new site access driveway at 3 Joynton Avenue to provide staff and vehicular access for the demolition works.

We are now going to expand the access to accommodate an emergency egress path for the Waranara Early Education Centre. This work will be carried out under the same City of Sydney road works permit.

We will have a footpath diversion in place with traffic control to ensure the safety of pedestrians.

Work hours

Expanding the access will be finished next week and are part of the early works and demolition expected to be completed by Monday 28 February 2022. Standard project working hours are 7 am to 5 pm, Monday to Friday and 8 am to 1 pm Saturday. No work will take place on Sundays or public holidays.

Please do not hesitate to contact School Infrastructure NSW if you have any queries about the works.

Thank you for your patience as we carry out this important work.
