Glenmore Park High School

Welcome to your school

We're excited that the upgrade of Glenmore Park High School Performing Arts and Learning Centre is finished and ready for you to use. The upgrade to your school includes:

A performing arts and learning centre with seating capacity of over 400

A raised stage area with back-of-house holding rooms, change rooms and stores

Two flexible learning spaces

Thank you for your patience during construction. We are thrilled to deliver this project for the school community.

Message from your Principal

As Principal of Glenmore Park High School, I am excited to welcome staff, students and community to our school's stunning new Performing Arts and Learning Centre.

This is an outstanding time for our school as we expand on our specialist facilities, increasing further our capacity to provide our students, staff and community with the best possible environment to learn and showcase their skills.

We are proud of our new, modern facility which provides a flexible, technology rich learning and performance environment, further fostering student learning and development opportunities. The Performing Arts and Learning Centre features an auditorium with retractable seating and a sound and lighting control room. Back of house includes student change rooms and toilets, a holding area for students waiting to perform and storage rooms. Front of house includes a large foyer that can convert seamlessly to two flexible learning spaces. This truly is an amazing building and we are looking forward to showcasing it with our community.

I want to thank all those involved in the consultation, planning and building of this new state-of-the-art facility, especially the parents and teachers who provided outstanding guidance and feedback.

I know our community have been patiently waiting for the completion of our Performing Arts and Learning Centre and I am looking forward to seeing the excitement of students, staff and community as they are introduced to it.

Lisette Gorick, Principal

Frequently asked questions

What has been delivered as part of the school upgrade?

The project has delivered:

- a performing arts and learning centre with seating capacity of over 400.
- a raised stage area with back-of-house holding rooms, change rooms and stores.
- two flexible learning spaces in front-of-house.

Will there be any change to the school entrances?

There will be no changes to school entrances.

When will the performing arts and learning centre be ready?

Construction is now finished and the hall will be able to be used by the school from Day 1 Term 3 2022.

Will there be any ongoing works at the school?

Although the hall is now ready for use, there are still some minor works which need to be completed. The contractor will remain on site to finalise the works.

What will the performing arts and learning centre facility be used for?

The new facility offers a large indoor venue to support and extend the programs on offer at Glenmore Park High School. The audio-visual facilities and stage enable the school to rehearse and put on performances and enable usage by the broader school community including the Glenmore Park Learning Alliance.
