

# Glenroi Heights Public School

## Project update | February 2026

Image caption: Aerial view of new library and administration buildings

Dear staff, parents and carers,

We are pleased to share that the new administration and library buildings at Glenroi Heights Public School are now in the final stages of construction. Since our last update in [October 2025](#), significant progress has been made across both buildings, bringing the project closer to completion.

### Progress summary

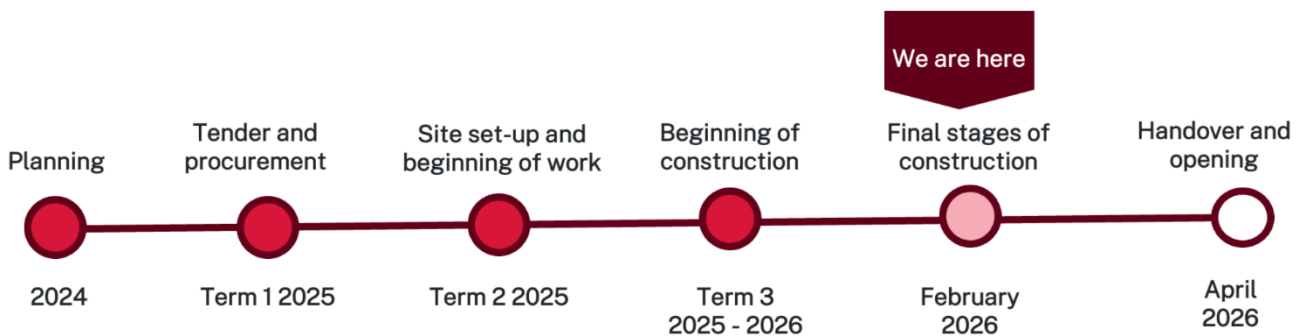

**Library:** Internal painting, joinery and wall tiling are complete, with flooring currently underway. External landscaping has started on the southern side, including paving works. Concrete paving is scheduled for completion by early 2026, with additional landscaping to follow.

**Administration building:** Major construction works are nearing completion, with roofing, external cladding, brickwork, windows and doors finished. Building services such as electrical, mechanical and hydraulic works are installed, internal linings are almost complete, joinery and wet areas are in final stages, and floor finishes have started.

### Next steps

Completion of construction works for the Library and Administration buildings.

### Timeline

We will continue to keep the community updated.

Thank you for your cooperation during this important work.
