

New primary school in Googong

Works notification

23 November 2021

A project is underway to build a new public school at Googong. The project includes flexible learning spaces, a covered outdoor learning area, and staff administration area. A State Significant Development application has been submitted and is being considered by the Department of Planning, Industry and Environment.

Temporary site fencing from 30 November 2021

On Tuesday 30 November, temporary site fencing will be erected around the site of the new school in Googong (see map overleaf). This fencing will remain in place for the duration of the project. The site will also be cleared of overgrown grass at this time.

Over the coming months, our project team and contractors, such as architects and engineers, will be conducting a range of investigations at the new school site as part of their early construction planning. This work is permitted ahead of the development application being approved.

Hours of construction

Standard project working hours are 7:00am and 6:00pm, Monday to Friday and 8:00am to 1:00pm, Saturday. No work will take place on Sundays unless otherwise advised. Works may also occur between 6:00pm and 7:00pm Monday to Friday and between 1:00pm and 4:00pm Saturday provided they do not exceed background noise levels by more than 5 decibels.

Thank you for your patience while we deliver this important school infrastructure.

Keeping you updated

We will continue to share project updates and information as the project progresses. You can stay updated on the project through our website or using the contact details provided below.
