

# Greenwich Public School

## Works notification

November 2019

Dear Residents

Due to ongoing construction works at Greenwich Public School parking spaces at the staff car park will be reduced **between 25 November and 22 December 2019, and between 6 January and 27 April 2020.**

A temporary administration building will be built in the current school car park, while refurbishment to the existing building takes place. This is likely to result in an increase of cars parking on local roads surrounding the school.

The refurbishment works to the school's administration building will also result in a temporary increase to construction works and vehicle movements on Kinglangley Road between those two periods.

The safety of the school and local community is our top priority and all construction on site will be conducted in accordance with noise, safety and building regulations.

We strive to minimise the impact of our works on the local community and appreciate your understanding for any inconvenience the project may cause.
