## Greystanes Public School

### Project update

January 2020

#### Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

#### Greystanes Public School

A project is underway to upgrade Greystanes Public School. The project will deliver:

- 24 new permanent learning spaces
- refurbishment of administration block into a multi-purpose space
- new administration building.

#### Progress summary

The contract for main works was awarded to Cockram Constructions on 8 January 2020.

#### Next steps

Site establishment will commence to prepare the construction area ahead of works starting. As part of this, Cockram Constructions will:

- install the site office and work sheds; and
- deliver equipment.

In addition, the detailed design and the State Significant Development Application pre-commencement conditions will be completed.

#### Keeping you informed

School Infrastructure NSW will continue to keep the school community updated as the project progresses.
