## Greystanes Public School

### Project update

February 2020

#### Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

#### Greystanes Public School

A project is underway to upgrade Greystanes Public School. The project will deliver:

- 24 new permanent learning spaces
- refurbishment of administration block into a multi-purpose space
- new administration building.

#### Site establishment

Site establishment is expected to start from Friday 28 February to prepare the construction area ahead of works starting. As part of this, the contractor will:

- install the site office and work sheds; and
- adjust site fencing and hoarding.

Site establishment is expected to take two weeks. Work will take place between 7.00am and 6.00pm Monday to Friday and between 8.00am and 1.00pm on Saturdays.

#### Keeping you informed

School Infrastructure NSW will continue to keep the school community updated as the project progresses.

## Frequently asked questions

### Is there an impact to current school operations?

No. The school will continue to operate as usual during Term 1.

### What steps will be taken to control noise and dust impacts?

Hoarding and shade cloth have been erected to reduce noise and dust impacts on the school and our neighbours.

Dust from demolition and construction works will be hosed down with water as required.

### How will traffic be managed?

Construction vehicle movements and deliveries will be scheduled outside of peak school operation times.

Traffic management will be in place where required to manage vehicles entering and exiting the site.

### How will you keep us informed?

We will keep you informed by holding information booths at the school, issuing project updates via letterbox drops, website updates and through the school newsletter.
