

Hastings Secondary College upgrade

Works notification | November 2023

We are upgrading Hastings Secondary College to support the student community. Work has recently been completed at Westport Campus, and work is continuing at Port Macquarie Campus

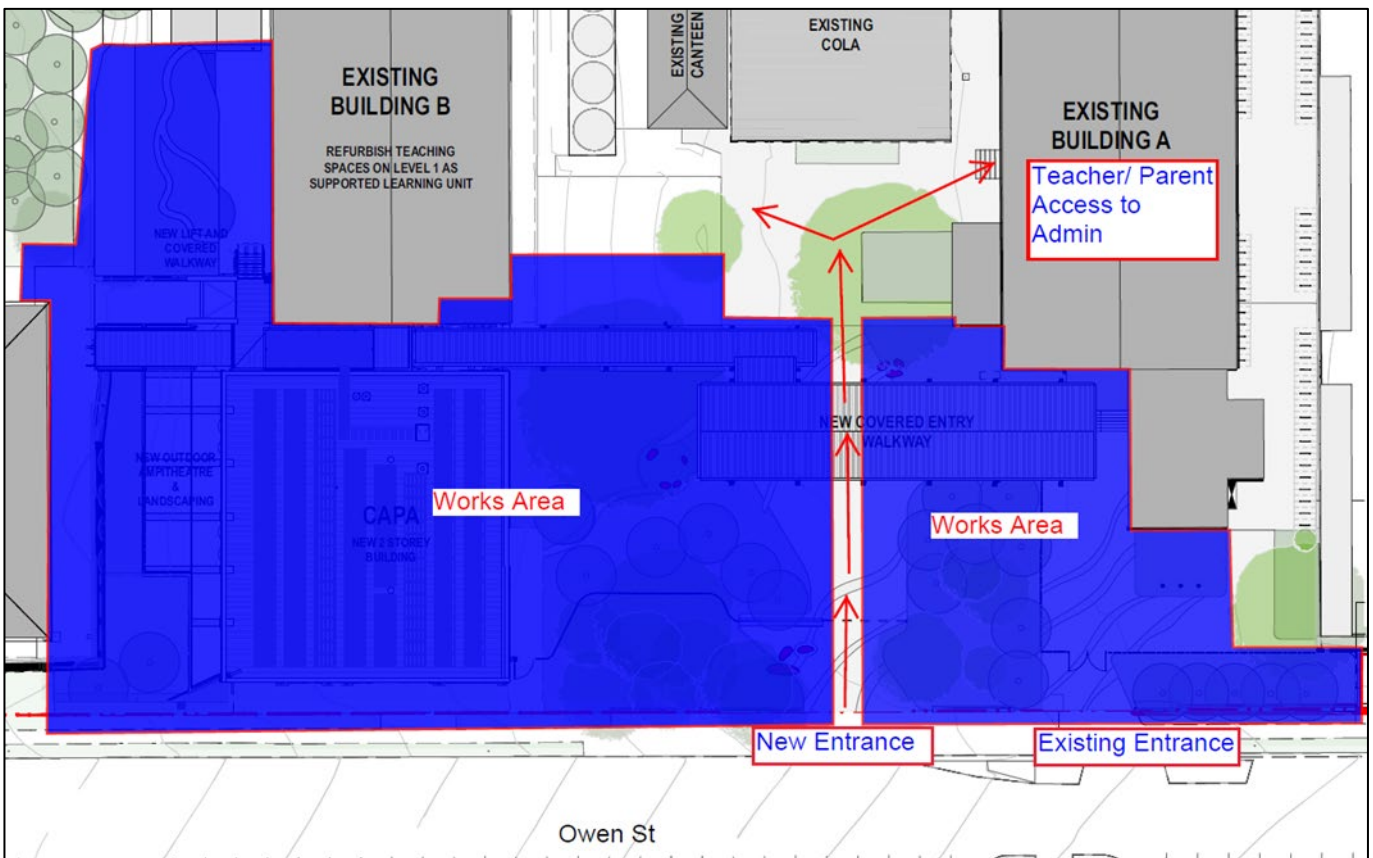

Changes to school access on Owen Street

There will be some changes to how students will access the school starting from Wednesday 15 November. This will allow the new front entrance for the Port Macquarie Campus to be completed sooner.

The current entrance to the school will move slightly down Owen Street, with access to the administration (Building A) to be via the northern side of the block. Please see map below for full details.

It is anticipated that these works will continue through the remainder of Term 4 and will be finalised for students and staff ahead of Day 1 Term 1 2024.
