

Hastings Secondary College

Works notification | 10 May 2024

We are upgrading Hastings Secondary College to support the student community. Work has recently been completed at Westport Campus, and work is continuing at Port Macquarie Campus.

Construction to continue at the Port Macquarie Campus

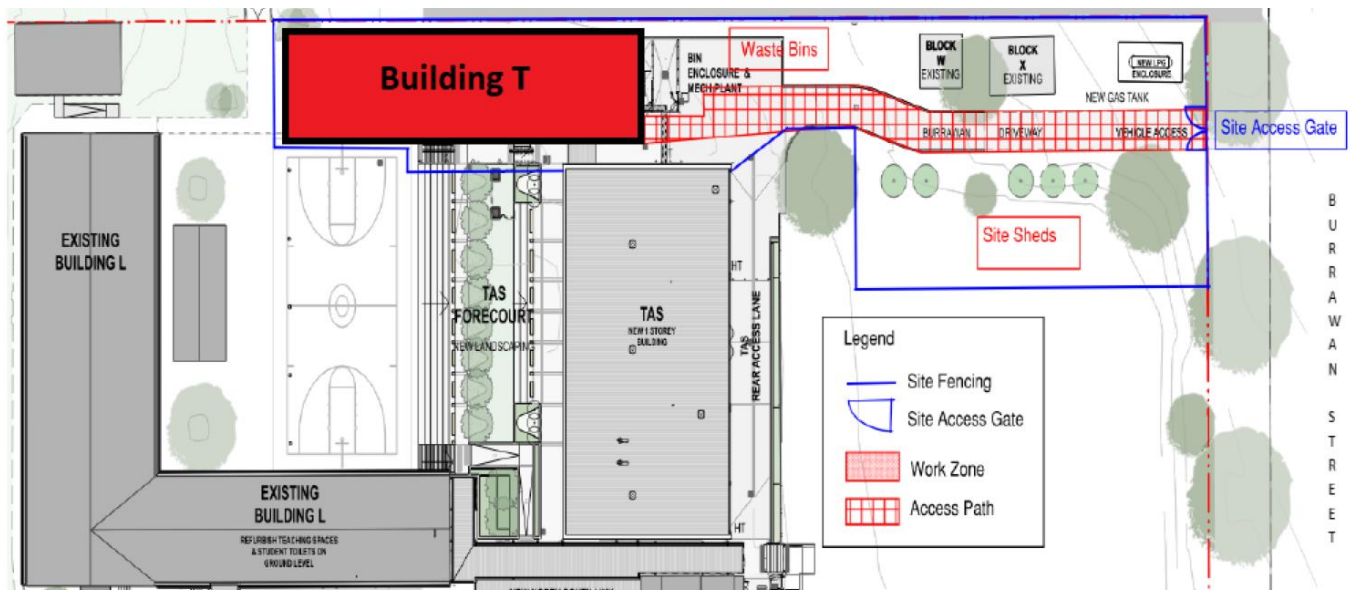

Construction will restart at the Port Macquarie campus from Monday 13 May 2024.

Work will initially involve establishing the construction site by installing site shed and fencing around the work zone before starting works to rebuild Building T.

Further to this, work will soon begin on Building B and Building L, which will initially include some external works to both buildings. Upon starting, site fencing will be established around these work zones.

All works at the Port Macquarie campus will take place between 7 am and 5 pm Monday to Friday.

The contractor will use the Burrawan Street driveway as the main site access for the works. Please see the site map below showing the new work zone.

Thank you for your patience while we deliver this important school infrastructure.
