

# Hastings Secondary College

## Westport Campus

### Works notification

14 January 2022

We are upgrading Hastings Secondary College to support the student community. The upgrade will involve work at the Port Macquarie Campus (PMC) and the Westport Campus (WPC).

Works are starting on Stage 1 of the Westport Campus upgrade, which includes refurbishing Block L into administration spaces.

#### Demolition works

Starting 17 January 2022, internal stripping of Block L and demolition of external concrete paving and stairs will be taking place at Westport Campus.

Noisy works involving the use of an excavator to remove concrete will take place between Monday 17 January 2022 and Friday 28 January 2022.

There may also be increased vehicle activity as trucks remove materials from the site.

As previously notified, site access and traffic control measures along Findlay Street will be in place for safety and to minimise impacts on the local community.

#### Hours of work

Works will be completed between the approved construction hours in line with our development consent: 7am and 6 pm Monday to Saturday.

There will be no work on public holidays or Sundays.

We are here to make sure that the works are completed safely and efficiently and we will minimise impacts on the community at every opportunity.

Thank you for your patience while we deliver this important school infrastructure.
