

# Hastings Secondary College

## Works notification

**25 February 2021**

Dear parents, carers and neighbours,

We previously notified on 12 February 2021 about the removal of asbestos containing material found within the construction site at Hastings Secondary College – Port Macquarie Campus. Following remediation activities on 13 February 2021 a small amount of bonded material remains within the Building T construction site.

Safety measures are in place to ensure there is no risk to students, staff or the local community. The area remains isolated and is inaccessible to students, staff, construction workers and the local community.

The material is scheduled to be remediated from Building T over the next two weekends, subject to weather conditions. All asbestos containing material will be removed outside of college hours. Works are expected to take place on:

- 4:30pm to 6pm, Friday 26 February 2021
- 8am to 1pm, Saturday 27 February 2021
- 4:30pm to 6pm, Friday 5 March 2021
- 8am to 1pm, Saturday 6 March 2021

This area is being managed in accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines. Air monitoring will be in place when remediation works are undertaken.

Testing will be completed to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is reopened for construction activities.

The health, safety, and well-being of the school and the local community is our highest priority and we will continue to keep the community updated.
