

James Busby High School

Project update | June 2025

Dear staff, parents and carers,

The NSW Government is committed to delivering high potential and gifted education (HPGE) in every school by investing an additional \$50 million into the HPGE Partner School program. This is in addition to \$50 million investment in the 2024/25 NSW Budget which has already started to benefit 13 high schools across the state.

Under the program, James Busby High School will receive facility upgrades to accommodate increased enrolments, broaden educational opportunities and facilitate the delivery of tailored HPGE course offerings.

Project overview

The upgrades will include:

a new creative and performing arts facility

upgrades to general learning spaces

a new shade structure

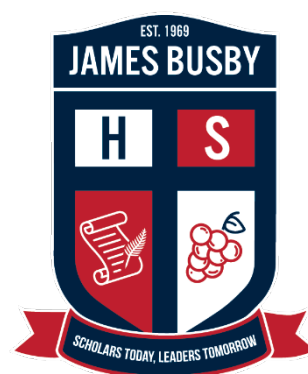

upgrades to the sports facility

Planning and design work will be undertaken throughout the year.

More information

We will keep the community updated and provide more information as it becomes available.
