

Lisarow High School

Project update | June 2025

Dear staff, parents and carers,

The NSW Government is committed to delivering high potential and gifted education (HPGE) in every school by investing an additional \$50 million into the HPGE Partner School program. This is in addition to the \$50 million investment in the 2024/25 NSW Budget which has already started to benefit 13 high schools across the state.

Under the program, Lisarow High School will receive facility upgrades to accommodate increased enrolments, broaden educational opportunities and facilitate the delivery of tailored HPGE course offerings.

Project overview

The upgrades will include:

Technology and Applied Studies (TAS) classrooms in Building E

agricultural hub in Building N and agricultural plot

sports court, cricket nets and outdoor landscaping

multipurpose space, fitness centre and dance studio in Building G

front of house to improve street frontage

music classrooms in Building A and visual arts classrooms in Building D

Planning and design work will be undertaken throughout the year.

More information

We will keep the community updated and provide more information as it becomes available.
