

# Matraville Sports High School Project update December 2024

Image caption: Example of a music room

Dear staff, parents and carers,

The NSW Government is committed to expanding high potential and gifted education (HPGE) opportunities in NSW public schools. Part of this work is a \$50 million investment into the HPGE Partner School program.

Under the program, Matraville Sports High School will receive facility enhancements to accommodate increased enrolments, broaden educational opportunities and facilitate the delivery of tailored HPGE offerings.

Work will include the following upgrades:

- Block B's specialised classrooms for the Aboriginal Centre of Excellence
- food technology and hospitality kitchen
- 2 woodwork rooms and storage to support the vocational education and training (VET) program
- music room and 3 art workshops
- fitness laboratory, sports court and hall.

Project planning is underway and delivery of the works will be coordinated with the school.

Work is expected to begin in 2025.

## More information

We will keep the community updated and provide more information as it becomes available.

If you have any questions about this project, please contact the NSW Department of Education during business hours on the details below.
