

Moruya High School

Project update | June 2025

Dear staff, parents and carers,

The NSW Government is committed to delivering high potential and gifted education (HPGE) in every school by investing an additional \$50 million into the HPGE Partner School program. This is in addition to \$50 million investment in the 2024/25 NSW Budget which has already started to benefit 13 high schools across the state.

Under the program, Moruya High School will receive facility upgrades to accommodate increased enrolments, broaden educational opportunities and facilitate the delivery of tailored HPGE course offerings.

Project overview

The upgrades will include:

air conditioning in various classrooms across the school

Technology and Applied Studies (TAS) and Science, Technology, Engineering and Mathematics (STEM) classrooms

sports court including new court surface, fencing and line marking

music room, performance area and sound studio

covered walkway to Building A, Building A and D facades, and front gate automation

senior lockers

Planning and design work will be undertaken throughout the year.

More information

We will keep the community updated and provide more information as it becomes available.
