

Muswellbrook High School

Project update | June 2025

Dear staff, parents and carers,

Investing in our schools

The NSW Government is committed to delivering high potential and gifted education (HPGE) in every school by investing an additional \$50 million into the HPGE Partner School program. This is in addition to the \$50 million investment in the 2024/25 NSW Budget which has already started to benefit 13 high schools across the state.

Under the program, Muswellbrook High School will receive facility upgrades to accommodate increased enrolments, broaden educational opportunities and facilitate the delivery of tailored HPGE course offerings.

Project overview

The upgrades will include:

Creative and Performing Arts (CAPA) facilities in buildings B and C

multipurpose learning space in Building H

classrooms and learning spaces within various buildings to support existing learning programs

'Snake Pit' outdoor area

front of house to improve street frontage

existing sports courts and gym facility

Planning and design work will be undertaken throughout the year.

More information

We will keep the community updated and provide more information as it becomes available.
