

# Tamworth High School

## Project update

### December 2024

Image caption: Example of a library

Dear staff, parents and carers,

The NSW Government is committed to expanding high potential and gifted education (HPGE) opportunities in NSW public schools. Part of this work is a \$50 million investment into the HPGE Partner School program.

Under the program, Tamworth High School will receive facility enhancements to accommodate increased enrolments, broaden educational opportunities and facilitate the delivery of tailored HPGE offerings.

Work will include upgrades to the following:

- school entrance and external façade
- multi-purpose facility (hall) acoustics
- woodwork and metalwork rooms, storage to support vocational education and training (VET) program
- library
- food technology rooms, preparation areas and storage
- gymnasium
- agricultural/horticultural area.

Project planning is underway and delivery of the works will be coordinated with the school.

Work is expected to begin in Term 1 2025.

#### More information

We will keep the community updated and provide more information as it becomes available.

If you have any questions about this project, please contact the NSW Department of Education during business hours on the details below.
