

## Inner Sydney High School

### Project update

August 2019

#### Investing in our schools

The NSW Government is investing \$6.7 billion over the next four years to deliver 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

#### Construction progress

- Internal refurbishment and external façade repair works on the heritage buildings are progressing in preparation for the school's first intake of Year 7 students in 2020.

- Installation of new fittings for STEM learning areas, in the heritage buildings, including a science laboratory.
- The main tower construction is now rising from ground level and the tower lift shaft is up to level three, approximately 15 metres above ground level.

#### Upcoming activities

- Continuing internal heritage building refurbishment works.
- Heritage façade restoration works to two of the three heritage buildings.
- Progression of the elevation of the main tower structure from the ground floor up.
