## Works notification

### Night works on Cleveland and Chalmers Street

June 2019

Dear neighbour,

We are writing to inform you that Wilken Services will be carrying out night works from **Monday 17th June 2019** for a two week period (weather dependent) to deliver necessary electrical service diversion works along Cleveland and Chalmers Streets.

Work will commence each night at **9pm** and continue until no later than **5am**. There will be no work on Friday nights or weekends.

The works involve saw-cutting the pavement, trenching and installation of new electrical conduits. We will make every effort to minimise noise and disruption, however there will be unavoidable intermittent noise resulting from the saw-cutting and machinery used during trenching and conduit installation.

Traffic changes during the works will affect the kerbside lane on Cleveland Street between Pitt and Chalmers streets, with eastbound traffic reduced to one lane. Traffic control personnel will be on site to assist motorists and pedestrians.

The emergency site contacts during these work hours are:

Marc Oriel	0448 189 729
Stephen Kogias	0401 984 729

If you have any queries relating to the temporary traffic changes or this important work at Inner Sydney High School, please contact School Infrastructure NSW using the contact information below.

Please accept our thanks for your patience and consideration.
