

Inner Sydney High School

Works notification

22 March 2021

Dear Neighbour,

Inner Sydney High School is the result of the redevelopment of the Department of Education's site on the corner of Cleveland and Chalmers Streets in Surry Hills and construction of a new 14 storey high school building. The new building was open for students and teachers on Day One Term One 2021.

Footpath and road work to Chalmers Street

We are writing to advise that the work scheduled to commence Monday 22 March 2021 and conclude Wednesday 24 March 2021, has been delayed due to wet weather.

It is anticipated that this work will now occur Wednesday 24 March to Friday 26 March, weather dependant.

Work will involve the removal and reinstatement of approximately 1.5 meters of footpath adjacent to the bus stop. The work will involve saw cutting of the specific concrete section, removal and resheeting of asphalt to the school side of Chalmers Street.

We apologise in advance for any inconvenience caused. We will endeavour to minimise impacts on the community at every opportunity.

Work will occur over three days. Once complete this work will require sign off by Council.

Working hours

Work hours will be in accordance with the approved SSD application.

Weekdays from 10:00 am to 6:00pm

No work will occur on the weekend.

School holiday work

During the April 2021 school holidays minor works within the school grounds will be undertaken. This activity involves finishes to internal areas including the addition of netting to the northern (park) side of some sections of the podium building.

During this period the fenced landscaped sections of the park will be inspected. Fencing around these garden areas will remain in place until they have been appropriately established.

Thank you for your patience while we deliver this important school infrastructure.
