

## Investing in our schools

The NSW Government is investing \$8.6 billion in school infrastructure over the next four years, continuing its program to deliver 160 new and upgraded schools to support communities across NSW. This builds on the more than \$9.1 billion invested in projects delivered since 2017, a program of \$17.7 billion in public education infrastructure.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

## Project overview

School Infrastructure NSW (SINSW) is building a new school hall at Jannali East Public School. The school hall will include a canteen, sports storage, and out of school hours care (OOSHC) facilities.

## Progress summary

During July 2022, the builder completed a number of works including:

- tiling and fit out of the lower ground floor
- masonry for the ground floor
- underground comms and security cabling (hall to Block N)
- roofing and installation of solar panels
- wall sheeting
- solar system installation
- substation installation and street works.

### **Next steps**

During August 2022, the contractor will work to:

- commission the substation
- fit out the ground floor
- install the building's façade, windows and door frames, ceilings and external stairs and ramp
- complete services fit out (lower ground floor and ground floor)
- start installing furniture, fittings, and equipment
- waterproof the building to ensure it is watertight.

### **Working hours**

Working hours are Monday to Friday, 7 am to 6 pm and Saturday, 8 am to 3 pm. No work will occur on Sundays or public holidays, unless otherwise advised.

All work will be undertaken within the NSW Government's Public Health Orders and relevant COVID restrictions.

Thank you for your patience while we deliver this important school infrastructure.
