

# Jerrabomberra High School

Works notification | 9 January 2024

As part of the NSW Government's plan to rebuild essential services targeted investment is being made in public education. As part of this plan, a project is underway to build Jerrabomberra High School.

## **Temporary southbound lane closure on Jerrabomberra Parkway on 16 January 2024**

On Tuesday 16 January 2024, from 7 am to 4 pm, a new light pole, road marking and signage is being installed on Jerrabomberra Parkway, between Coachwood Avenue and Bicentennial Drive. One existing light pole is also being modified.

This will provide lighting to the new pedestrian crossing and improve pedestrian access in the area.

For the safety of workers, the southbound lane of Jerrabomberra Parkway will be closed from 7am to 1pm (approximately).

Southbound traffic can detour around the works area via Coachwood Avenue, Coral Drive and Bicentennial Drive. See map over page.

The northbound lane will remain open with local traffic control in place.

This work will have minimal impact on traffic and is being conducted in a lower speed (40km/h) zone under Queanbeyan-Palerang Regional Council (QPRC) approved traffic control conditions.

QPRC has been consulted and has approved this work.

We appreciate your patience while we deliver this important infrastructure.
