

Jerrabomberra Public School

Works notification | 28 June 2024

New playground early works

Early works has started on the new playground area at Jerrabomberra Public School, which includes raised earthworks. Raised earthworks are artificially created elevated areas of land that enhance the play experience, improve safety, and contribute to the overall aesthetic of the playground.

During this phase, machinery such as jackhammers will be used, and there may be periods of increased noise. We are working closely with the Principal to ensure that the impact on school operations is minimised

The early works are expected to continue through the July school holiday period. We will keep you updated as the work progresses.

The health, safety, and wellbeing of the school and the local community are our highest priority, and we will minimise impacts on the community at every opportunity.

Working hours

- Monday to Friday from 7 am to 4 pm
- No work will take place on Saturdays, Sundays, or public holidays unless otherwise advised.

Contact us

If you have any questions about these works you can contact us using the details below.

We thank you for your support and understanding as we work to enhance the playground facilities at Jerrabomberra Public School.
