# Jindabyne Education Campus

Project update

January 2022

## Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

## Provide a submission for the new Jindabyne Education Campus

Planning for the new Jindabyne Education Campus has reached the next milestone with the lodgment of the Environmental Impact Statement (EIS) and the State Significant Development (SSD) application to the Department of Environment and Planning (DPE).

You are now able to view these documents and are invited to make a formal submission via this link: [mpweb.planningportal.nsw.gov.au/major-projects/project/41441](https://mpweb.planningportal.nsw.gov.au/major-projects/project/41441)

The applications will be on exhibition until 21 February 2022.

The purpose-built campus will include a separate primary school and high school with modern facilities to support students, teachers and the community. In addition to new teaching and learning spaces, the primary and high schools will have new libraries, new halls, playing fields and open spaces.

You can view the latest artist renders and fly through animation on our website on our Jindabyne Education Campus project web page: [schoolinfrastructure.nsw.gov.au/projects/j/jindabyne-education-campus.html](https://schoolinfrastructure.nsw.gov.au/projects/j/jindabyne-education-campus.html)
