

# Jordan Springs Public School

## Day 1 Term 3 Welcome

## Welcome to the new Jordan Springs Public School

The first day of school for Jordan Springs Public School is here. We're excited your new facilities are ready for you to use. Your new school includes:

**27** flexible learning spaces

A new library and hall

**2** covered outdoor learning areas

Modern core facilities designed to allow additional classrooms in the future

Thank you for your patience during construction. We are thrilled to deliver this project for your school community and hope you enjoy your new spaces.

Jordan Springs Public School

## Message from the Jordan Springs Public School Principal

---

Welcome to Jordan Springs Public School! We have been working so hard to build and create an environment that reflects future focused learning and is warm, caring and innovative all at once. Our commitment to our families is that we are striving for continuous improvement in achieving school excellence with integrity and authenticity.

As a principal and educational leader, it has been my ambition to create a school community and I have been privileged to do this at Jordan Springs Public School. I have been humbled by the magnitude of the project and that my investment has been so welcomed by both the construction team and the community as I walk each day for my morning coffee at the shopping centre. I would like to acknowledge the kindness of the community in welcoming me and my team but also being so gracious in their understanding of the elements that exist around the opening of our school.

I am proud of the work that the Department of Education has collectively achieved to make our journey to opening in Term 3 an enjoyable one. The recruited staff and their families that are also part of the process

are very excited to join me in welcoming you into our school community. We have a strong leadership team consisting of a Deputy Principal, 4 Assistant Principals and 12 classroom teachers. They are ready to make every day for your child one that is successful, happy and full of learning experiences to make them grow.

We will ensure our students are known, valued and cared for at Jordan Springs Public School. We are committed to instilling our guiding philosophy, that children are always the only future the human race has, teach them well and:

- Provide them **love and belonging**
- Enable them to be **powerful**
- Create **freedom** for them to choose
- Inspire them to have **fun**
- Ensure they have everything they need to **survive**

We trust that you too feel this when you work with us. Together, we will support your child to be the very best they can be.

**Ms Kylie Becker, Principal**

# What to expect during Week 1, Term 3, 2020

During the first week and into the remainder of the first term, students and parents can expect:

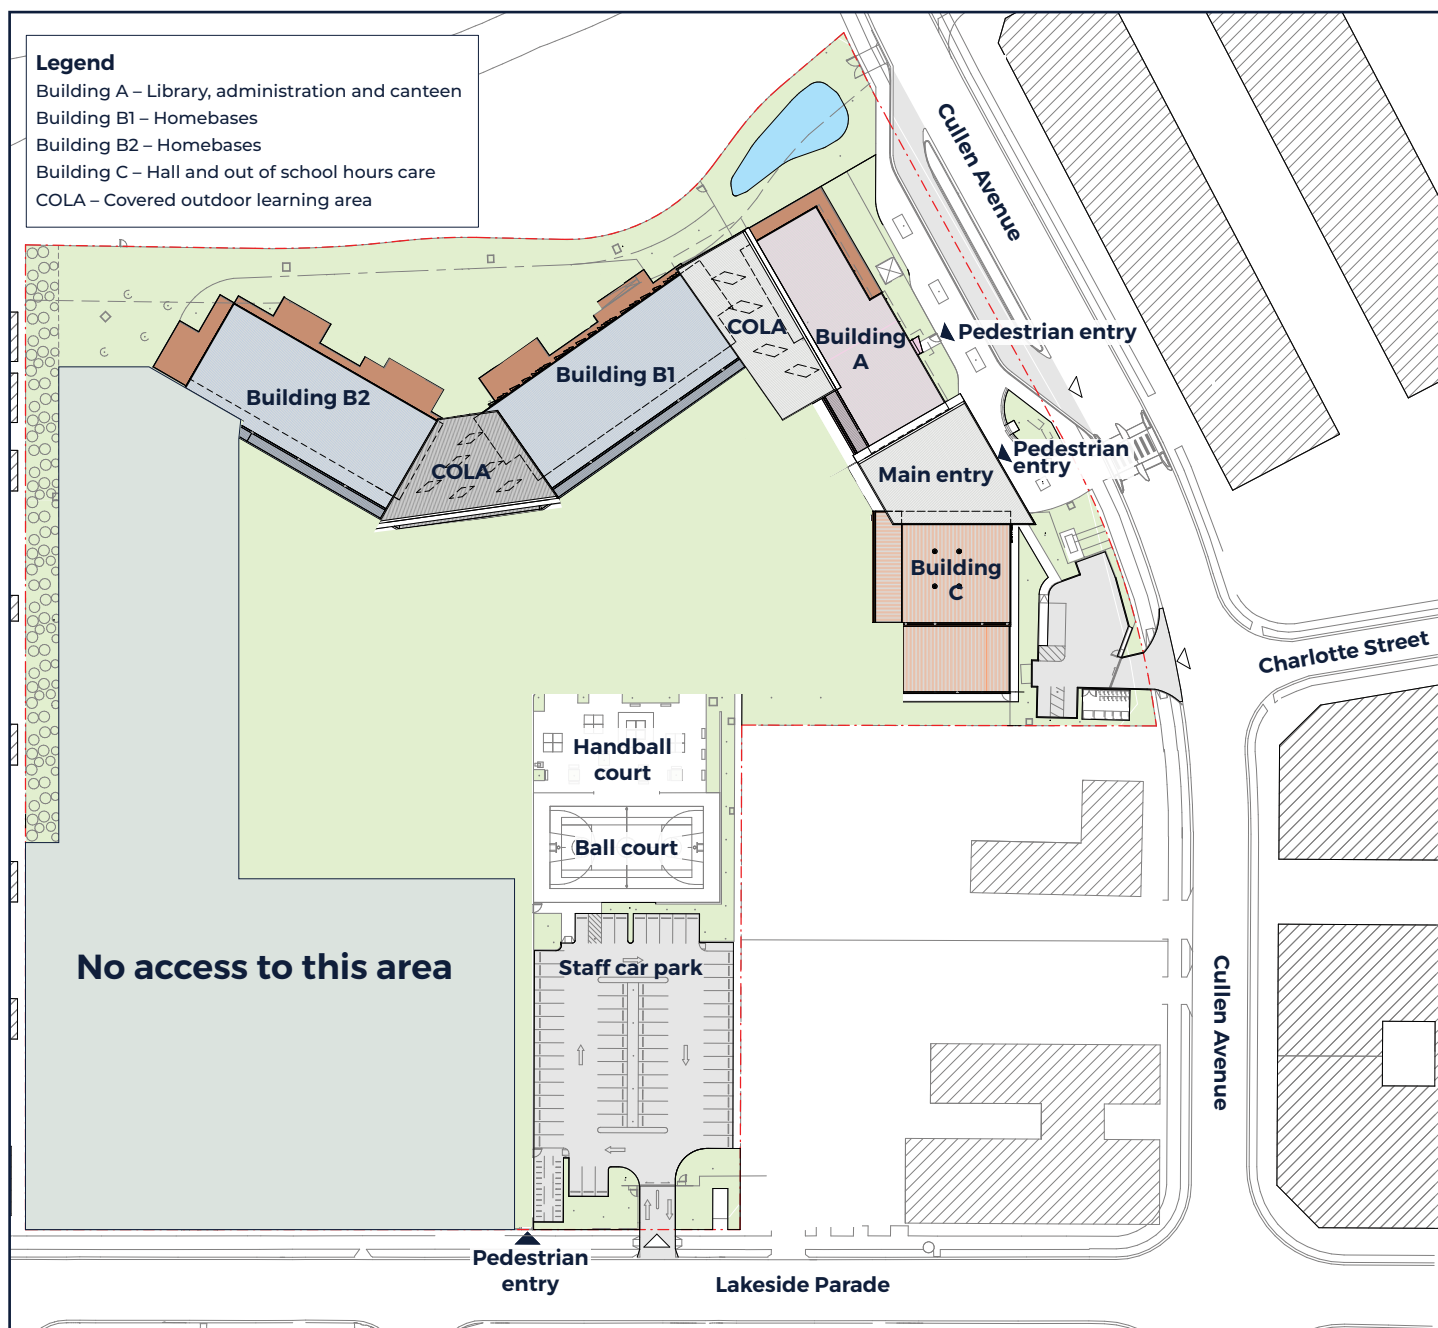

- sustained community engagement via our social media platforms
- warm and welcoming staff who will be present at the gate to support the students each morning and afternoon
- new activities for the students so they can become orientated to the learning spaces and technology
- smiling students as they make new friends and become familiar with their new teachers.

# Innovative learning environments

This exciting project has delivered innovative learning environments for the next generation of young minds. These environments offer flexibility where teachers can provide opportunities to:

- adapt to accommodate small or large groups
- include learning neighbourhoods with flexible spaces that allow students to use technology in a variety of settings
- enhance skills in collaboration, communication, critical thinking, problem solving and creativity.
