

New primary school for Jordan Springs

Project update

September 2019

Investing in our schools

The NSW Government is investing \$6.7 billion over the next four years to deliver 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

New primary school for Jordan Springs

A project is underway to provide a new public school for Jordan Springs. The project will include:

- innovative learning spaces
- a library and a hall
- modern core facilities such as staff and administration areas
- a covered outdoor learning area (COLA)

Progress summary

Early works are underway, which includes preparing the site for the school building.

State Significant Development application submitted

The State Significant Development application (SSDA) has been submitted and a determination is expected soon.

Pending approval, works are expected to begin in the coming months.
