

Jordan Springs Public School

Summer holidays construction works

December 2019

Investing in our schools

The NSW Government is investing \$6.7 billion over the next four years to deliver 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

Jordan Springs Public School

A project is underway to provide a new public school for Jordan Springs. The project will include:

- Innovative learning spaces
- A library and a hall
- Modern core facilities such as staff and administration areas
- A covered outdoor learning area (COLA).

Progress summary

Construction of the classrooms is progressing well. We have started building the hall and will soon start landscaping the site.

Summer school holiday works

Work will continue over the summer including:

- Lift installation
- Hall roofing
- Finishing the COLA and carpark
- Building exteriors and landscaping.

Work will continue across the summer, however, no work will take place on Sundays, New Year's Eve or public holidays. Work hours are 7:00am to 6:00pm Monday to Friday and 8:00am to 1:00pm Saturdays.

Dust and noise control are in place to reduce the impact on local residents. Traffic control and security will be used where required. We will ensure disruptions to the wider community are minimised.

Frequently asked questions

What works will be completed over the holidays?

Works over the summer holidays include lift installation, hall roofing, finishing the COLA and carpark, working on the building exteriors and landscaping.

What are the construction working hours?

Construction hours over the summer school holidays are:

- Monday to Friday, 7:00am to 6:00pm
- Saturday, 8:00am to 1:00pm.

No work will take place on Sundays, New Year's Eve or public holidays.

Will construction take place over Christmas and New Year?

Site works will continue over the Christmas and New Year period, however, no work will take place on Sundays, New Year's Eve or public holidays.

What safety measures will be in place?

The health and safety of the community is our highest priority. Temporary fencing has been installed around the construction site to secure the area and prevent public access. The site will also be patrolled by security during the site shutdown.

What steps will be taken to control noise and dust impacts?

In line with our Construction Management Plan, the contractor will continue to implement dust and noise control measures.

Dust and noise are minimised with hoarding and shade cloth. Dust is controlled by spraying water during earth works where allowed under water restrictions.

How will traffic be managed?

Traffic management will be in place where required for the safety of the local community and workers. Traffic controllers will be used where required to manage entry and exit of vehicles to and from the construction site. Vehicles will give way to pedestrians at all times.

Who can I contact if I have a concern about works over the holidays?

If you have any queries or concerns about this project you can contact School Infrastructure NSW during business hours on 1300 482 651.

School Infrastructure NSW will be closed from Monday, 23 December to Friday, 3 January inclusive.

In an emergency, call triple zero (000).
