

Kent Road Public School

Works notification

May 2021

The Kent Road Public School upgrade has been completed, with students enjoying their new classrooms and facilities from Day 1, Term 1 2021. The upgrade included 34 new permanent teaching spaces, two special program spaces, a new administration building, a new library, hall and canteen, a multipurpose sports court and more functional outdoor play space.

Upgrade to kiss and ride area

As part of the Kent Road School Upgrade, work to improve the kiss and ride area for the school is planned to commence mid-2021. The proposed changes will improve vehicular access and pedestrian safety for the Kent Road Public School community and local residents.

The work would involve relocating the current kiss and ride area on Kent Road to south of the existing pedestrian crossing and creating an indented bay of up to 1.2m in width. This will allow through traffic to safely pass the kiss and ride area. The relocation of the kiss and ride area would require changing the existing unrestricted parking to 'No Parking 8:00-9:30am / 2:30-4:00pm Monday to Friday'. Parking would be permitted outside of these hours.

The proposed location for the new kiss and ride area can be viewed overleaf.

Your feedback

We value input from the community, and would like to hear from you.

Please provide your feedback by Monday 17 May 2021 via email or phone.
