Killarney Heights Public School

Term 2 holiday construction works

July 2020

Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Killarney Heights Public School

An upgrade is underway at Killarney Heights Public School. The project will deliver seven new permanent teaching spaces and a special programs room.

Progress summary

The school upgrade remains on-track for completion by mid-2020. Work continues on the electrical services installation, internal fit-out and landscaping.

School holiday works

Work will continue on landscaping and internal fit-out over the school holidays.

Due to the nature of our work, you may experience increased noise from machinery and other activities.

Changes to weekend work hours

In line with the NSW Environmental Planning and Assessment (COVID-19 Development – Construction Work Days) Order 2020, School Infrastructure NSW construction sites can now operate on weekends and public holidays during the COVID-19 pandemic.

All works will be completed within the approved hours of Monday to Saturday 7:00am to 5:00pm.

We will ensure that work is completed safely and efficiently, and disruptions are minimised.

Thank you for your patience as we deliver this important project for the community.
