

# Thank you

## from Killarney Heights Public School

Killarney Heights Public School upgrade

## To our community

We would like to thank you for your patience as we have delivered this upgrade to the school.

Main construction works for the new homebase building were completed in August 2020, and the temporary demountable classrooms were removed in the recent school holidays.

Your support and cooperation have made it possible for us to deliver these new facilities for students and their families.

The Killarney Heights Public School upgrade provides the latest education facilities for students and to support the growing local community. A new two-storey building, with 7 new permanent teaching spaces and a specialist programs room, has been delivered in the project.

Wishing you all the best,

**The School Infrastructure Project Team and Killarney Heights Public School**

Killarney Heights Public School upgrade

## New facilities

We're really excited about the new school facilities. We have delivered:

- 7 new permanent, flexible teaching spaces
- a specialist teaching room
- 4 new group rooms
- maker spaces and breakout learning areas.

Thank you for your patience during construction of the upgrade to Killarney Heights Public School.

We are thrilled to have delivered this project to the community.
