+ Schedule 2 – Conditions and Exclusions

This Crown Certificate has been issued subject to the following conditions:

- 1. This Crown Certificate does not certify compliance with the Conditions of Development Consent SSD-8744305 Date: 3 November 2021. The building works should not commence until the Crown is satisfied that the relevant conditions of the Development Consent that are a pre-requisite to commencement have been appropriately addressed where relevant.
- 2. No approval is given nor implied for the construction of works beyond the scope specifically approved by Crown Certificate 5.
- 3. All building works associated with the subject development are to be carried out in accordance with the requirements of the Group DLA BCA Assessment Report Revision: 4, Dated: 08 March 2023.
- 4. All building works associated with the subject development are to be carried out in accordance with the requirements of the Purely Access DDA/Access Assessment Report Revision: 2, Dated: 05 June 2023.
- 5. There is to be no impact, disruption, impediment or modification to existing active or passive fire safety systems or egress arrangements within the existing hospital building as a direct or indirect result of the proposed works without prior consultation and approval by the SINSW (as applicable) and the crown certifier (BM+G).
- 6. Demolition works are to be undertaken in accordance with the documentation listed in Schedule 1 & AS 2601-2001.
- 7. Where the proposed demolition works necessitate the isolation and/or decommissioning of any existing fire services, particularly the fire hydrant system or the sprinkler system, then Fire & Rescue NSW and any relevant insurance providers should be notified prior to de-commissioning and/or isolation of the system.
- 8. All building works associated with the subject development are to be carried out in accordance with the approved documentation listed above in Schedule 1.
 - Any departure from the documentation cannot be undertaken without the review and approval by Blackett Maguire + Goldsmith.
- 9. Where there is any conflict between the Design Documentation and the advice provided by Blackett Maguire + Goldsmith, the advice issued takes precedence unless approved by Blackett Maguire + Goldsmith.
- Any changes to the Architectural Documentation that may affect compliance with the Building Code of Australia or the referenced Australian Standards are to be appropriately disclosed to Blackett Maguire + Goldsmith for review.
- 11. Blackett Maguire + Goldsmith are to be contacted throughout the project for routine site inspections to ensure that the works are being carried out in accordance with the approved documentation.
- 12. The Fire Safety Engineer is to be contacted throughout the project for routine site inspections to ensure that the works are being carried out in accordance with the approved documentation.
- 13. The Access Consultant is to be contacted throughout the project for routine site inspections to ensure that the works are being carried out in accordance with the approved documentation.

Advisory Notes

- 1. Where the cost of works exceeds \$250,000, the Head Contractor is to ensure that they have addressed their obligations under the Building and Construction Industry Long Service Payment Act 1986.
- 2. The head contractor is to obtain any relevant approvals required under Section 68 of the Local Government Act 1993 from Tweed Shire Council, and the relevant service providers (including, but not limited to, gas and electricity).
