

# Kingscliff High School

Works notification | 11 March 2024

## Upgrade to Telstra pits

As part of the upgrade to Kingscliff High School, we will be undertaking work to replace the Telstra pits in front of 6 and 8, 10 and 12, and 18 and 20 Oxford Street, Kingscliff

This work will commence on 14 March. It is planned to be completed within 1 week, but if it is interrupted by weather it may take 2 weeks to complete.

## Asbestos removal

Work on the Telstra pits will require some asbestos removal. This is non-friable asbestos, which means the asbestos is attached to another material and cannot be easily crumbled. We will be taking precautions to ensure community safety by:

- Fully covering the pit areas with tents.
- Bagging and removing all asbestos pieces.
- Placing barricades and signs around the work area to keep pedestrians away from the work site.
- Workers will be wearing full asbestos protection suits and face masks.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The health and safety of students, staff and residents is our highest priority.

## Interruption to Telstra services

During the work there might be some interruption to Telstra services. If this is necessary Telstra will advise residents directly 48 hours in advance.

## Construction working hours

Approved working hours are 7 am to 6 pm Monday to Friday, and 8 am to 1 pm on Saturdays. No work will take place on Sundays or public holidays, unless otherwise advised.
