

Kingscliff High School

Works notification | 11 March 2024

Upgrade to on-site carpark

We previously advised that as part of the upgrade to the carpark we will be undertaking earthworks to level and compact the ground.

This work was due to commence on 19 February, however, due to ongoing heavy rains the work has continued to be delayed and will now commence on Monday 11 March, weather permitting.

We are hoping to have Stage 1 of this work completed within the next 3-4 weeks, but please note this work is heavily weather dependent. One day of rain can put work back up to a week. We will keep residents notified of changes in scheduling.

This work will require the use of vibrating rollers, which might affect nearby residents through vibration, noise and dust. [Our Construction Noise and Vibration Management Sub-Plan](#) sets out how we will manage these impacts. This plan can be found under the library/reports tab on our project webpage at <https://edu.nsw.link/KingscliffHSupgrade>.

We are waiting on final approvals for Stage 2 of the work. We will advise residents when these works are due to commence.

Construction working hours

Approved working hours are 7 am to 6 pm Monday to Friday, and 8 am to 1 pm on Saturdays. No work will take place on Sundays or public holidays, unless otherwise advised.

Further information

For any queries about this project, you can contact School Infrastructure NSW during business hours on 1300 482 651 or via email at schoolinfrastructure@det.nsw.gov.au.
