Kingscliff Public School

Project update | April 2023

Project overview

Kingscliff Public School is being upgraded to provide new permanent teaching spaces, new out of school hours care (OSHC), and core facilities to cater for enrolment growth in the area. The scope of work includes replacement of all classrooms including demountable buildings, a new library and administration building, an extended hall with new canteen, new outdoor spaces, and a redeveloped school entry.

Progress update

The new administration building was completed and handed over for Day 1 Term 2, 2023. The administration building has new offices, meeting areas and staff room as well as new IT equipment and a bright welcoming feel.

Work is progressing on the new classrooms, outdoor areas, and the new entry.
