

Kingscliff Public Schools

Works notification | 17 August 2023

Dear Parents/Staff/Carers/Community

As previously advised, as part of the ongoing upgrades to Kingscliff Public School, an electrical fault affecting a number of areas within the existing school site was recently discovered, and mains power to impacted areas was disconnected.

All impacted classrooms have had power restored via generator and are now operating as per normal.

Installation of lighting to the classrooms in building C will be installed on Saturday 19 August and will be operational from Monday 21 August 2023. Lights to the toilets were restored on 16 August 2023.

It is anticipated that students will start migrating into their new classrooms in early Term 4. More information will be shared as these buildings near completion.

For further queries please contact School Infrastructure NSW (SINSW) via the contact details below

Thank you for your cooperation during this important work.
