

Kingscliff Public School

Works Notification | 24 March 2023

Kingscliff Public School is being upgraded to provide new permanent teaching spaces and core facilities to cater for enrolment growth in the area.

Civil Works

Kingscliff Public School sewer diversion works will commence on the 13 March and conclude on or before the 14 April 2023.

- From the 15 March to 14 April 2023, trenching works will occur outside the school site and impact traffic and pedestrian access on Sutherland Street (refer map on next page).

Road Closures

Due to the nature of the works, car and pedestrian access will be impacted from the 15 to 14 April 2023. A certified traffic controller will be in place from 6:30am to 7:00pm, weekdays during these dates. There will be no impact to weekend or Easter traffic.

- One lane access along Sutherland Street will start from 6:30am to 9:30am to allow for school drop off.
- From 9:30am until 2pm, Sutherland Street, between Moss St and Hungerford Lane, will be closed, and detours will be in place.
- From 2pm to 6:30pm traffic will have one lane access to allow for school pick up.
- From 6:30pm to 6:30am, Sutherland Street will have both lanes open.
- As the footpath will be affected, all pedestrians will be escorted around the detours by a suitably qualified traffic controller.

We will try and minimise the amount of disruption as best we can.

Staying informed

School Infrastructure NSW will continue to share updates as the project progresses. Visit the project website at schoolinfrastructure.nsw.gov.au for all the project details, project updates and documentation or register via the form on the 'Get involved' tab to have project updates and notifications like this emailed to you.

The map below shows the area along Sutherland Street, Moss Street and Hungerford Lane, Kingscliff, that will be impacted by the sewer diversion works at Kingscliff Public School.
