

# Kingscliff Public School

## Works notification

July 2020

Kingscliff Public School is being upgraded to provide new permanent teaching spaces and core facilities to cater for future enrolment growth in the area. The scope of work includes replacement of all classrooms including demountable buildings, a new library, an extended hall with new canteen, new play spaces and a redeveloped school entry. Early works to extend the existing school hall and provide a new student canteen started during the Term 1 school holidays.

### Upcoming construction work

From the end of July our contractors will be on site at the school to undertake the following activities:

- Removing sections of pavement
- Preparing for new foundations and wall footings
- Digging a services trench
- Creating formwork for concrete floor slabs.

### Working hours

Work will take place between 7:00am and 6:00pm, Monday to Friday and 8:00am to 1:00pm on Saturdays.

We are here to make sure that work is completed safely and efficiently and we will minimise impacts on the community at every opportunity.

Thank you for your patience while we deliver this important school infrastructure.
