

## Ku-ring-gai High School Project Update

September 2018

### Investing in our schools

The NSW Government is spending \$6 billion over four years to deliver more than 170 new and upgraded schools. The budget includes an additional \$160 million in 2018/19 as part of the record \$747 million maintenance investment announced last year. This is the biggest investment in public infrastructure in the history of NSW.

### Ku-ring-gai High School upgrade

A project is underway at Ku-ring-gai High School. The project will involve construction of a new multi-purpose hall and refurbishment of some of the school's teaching spaces.

### Progress summary

The design is completed for the multi-purpose hall. A development application and preparation for the construction tender is underway.

### Next steps

- Site signage will be installed at site
- A development application will be lodged with the local council
- Early works will start in late 2018.

### Keeping you updated

Our commitment to act in the best interest of our stakeholders and the local community is at the forefront of our work.

We will continue to update the community on this exciting project as it progresses. We will do this through project updates, our website and information booths.

We are committed to openly sharing information. You can speak to us about this project using the contact details below.
