

Kyeemagh Public School

Works notification

6 August 2021

Dear neighbours,

School Infrastructure NSW is redeveloping Kyeemagh Public School to bring students new and improved facilities and support the growing student community.

Remediation and earthworks

Remediation and earthworks to enable construction of the stage 2 Kyeemagh Public School works will occur from Monday 9 August to Saturday 14 August 2021.

During construction at Kyeemagh Public School, asbestos containing material was found in the existing buildings. The material has been confirmed as bonded asbestos which means it is attached to other material such as cement or vinyl and cannot be crumbled by light pressure.

The soil within the construction site is known to contain some asbestos containing material. The material has been confirmed as bonded asbestos, which means it cannot be crumbled by light pressure. This material is being remediated in accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations.

Safety measures in place

Safety measures and monitoring have been put in place to ensure there is no risk to students, staff or the local community. As a precaution, the area has been cordoned off and will remain out of bounds to students and staff until remediation is completed.

This area will be remediated in accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Testing will be completed to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and well-being of the school and the local community is our highest priority and we will continue to keep the community updated.
