

Nature-based playground at Kyeemagh Public School

# Kyeemagh Public School

Summer holiday works | December 2021

## Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

## Project overview

A project is underway to redevelop Kyeemagh Public School to bring students new and improved facilities and support the growing student community. The project will deliver flexible learning spaces, a new library, canteen, hall, covered outdoor learning area (COLA) and upgrades to the staff administration area.

## Progress summary

School Infrastructure NSW is excited to announce the Kyeemagh Public School project is nearing completion.

The stage two works, including the new multicourt sports space, hall, canteen and covered outdoor learning spaces are expected to be ready for use by students and staff in early 2022.

## **Summer holiday works**

Over the summer holiday break, work will continue across the site to complete the project. Upcoming construction work includes:

- final joinery and furnishing fit out
- external landscaping
- installation of footpath and a driveway to a new staff car park on Beehag Street.

Commissioning and handover of services to the school will take place in early 2022.

## **Public domain footpath works**

The installation of a new footpath and driveway on Beehag Street is expected to take place in mid-December. During this work there will be concrete pours, new road surfacing and minor excavation work.

Traffic management and alternative footpath routes will be in place where required for the safety of the local community and workers.

## **Frequently asked questions**

### **Will construction take place over Christmas and New Year?**

The contractor will continue work as required throughout the Christmas and New Year period, in line with the approved development application. No work will take place on public holidays.

### **Who can I contact if I have a concern about construction works over the holidays?**

If you have any queries or concerns about this project you can contact School Infrastructure NSW during business hours on 1300 482 651. For any urgent queries or concerns about construction during this period, please contact our builder via the site manager's contact details on the main construction gate signage. School Infrastructure NSW will be closed from Monday 27 December 2021 to Friday 7 January 2022 inclusive. In an emergency, call triple zero (000).

### **Will there be any changes to student and staff access on Day 1 Term 1 2022?**

A new entry on Beehag Street will be available to students and staff to access Outside School Hours Care.

The school entry point on Jacobson Avenue remains in use for when students and staff return in Term 1 2022.
