

Kyeemagh Public School

Welcome pack | Day 1 Term 3 2021

Nature based playground at Kyeemagh Public School

Welcome to your new learning spaces

The first stage of the Kyeemagh Public School redevelopment is now open and ready to use, delivering:

17 flexible learning spaces

New staff and administration amenities

A new library

A new nature-based playground

New outdoor learning space and landscaping

Thank you for your patience during construction. We are delighted to deliver this project for the Kyeemagh Public School community and hope you enjoy your new spaces.

Message from the Principal

The school is extremely excited to be able to transition all students and staff into our new building. The 17 new learning spaces are fully equipped and flexible, bringing greater opportunities for interconnected learning experiences for all of our students.

All areas within the upgraded school are considered spaces for learning. This includes our playground and outdoor yarning circle areas within the school.

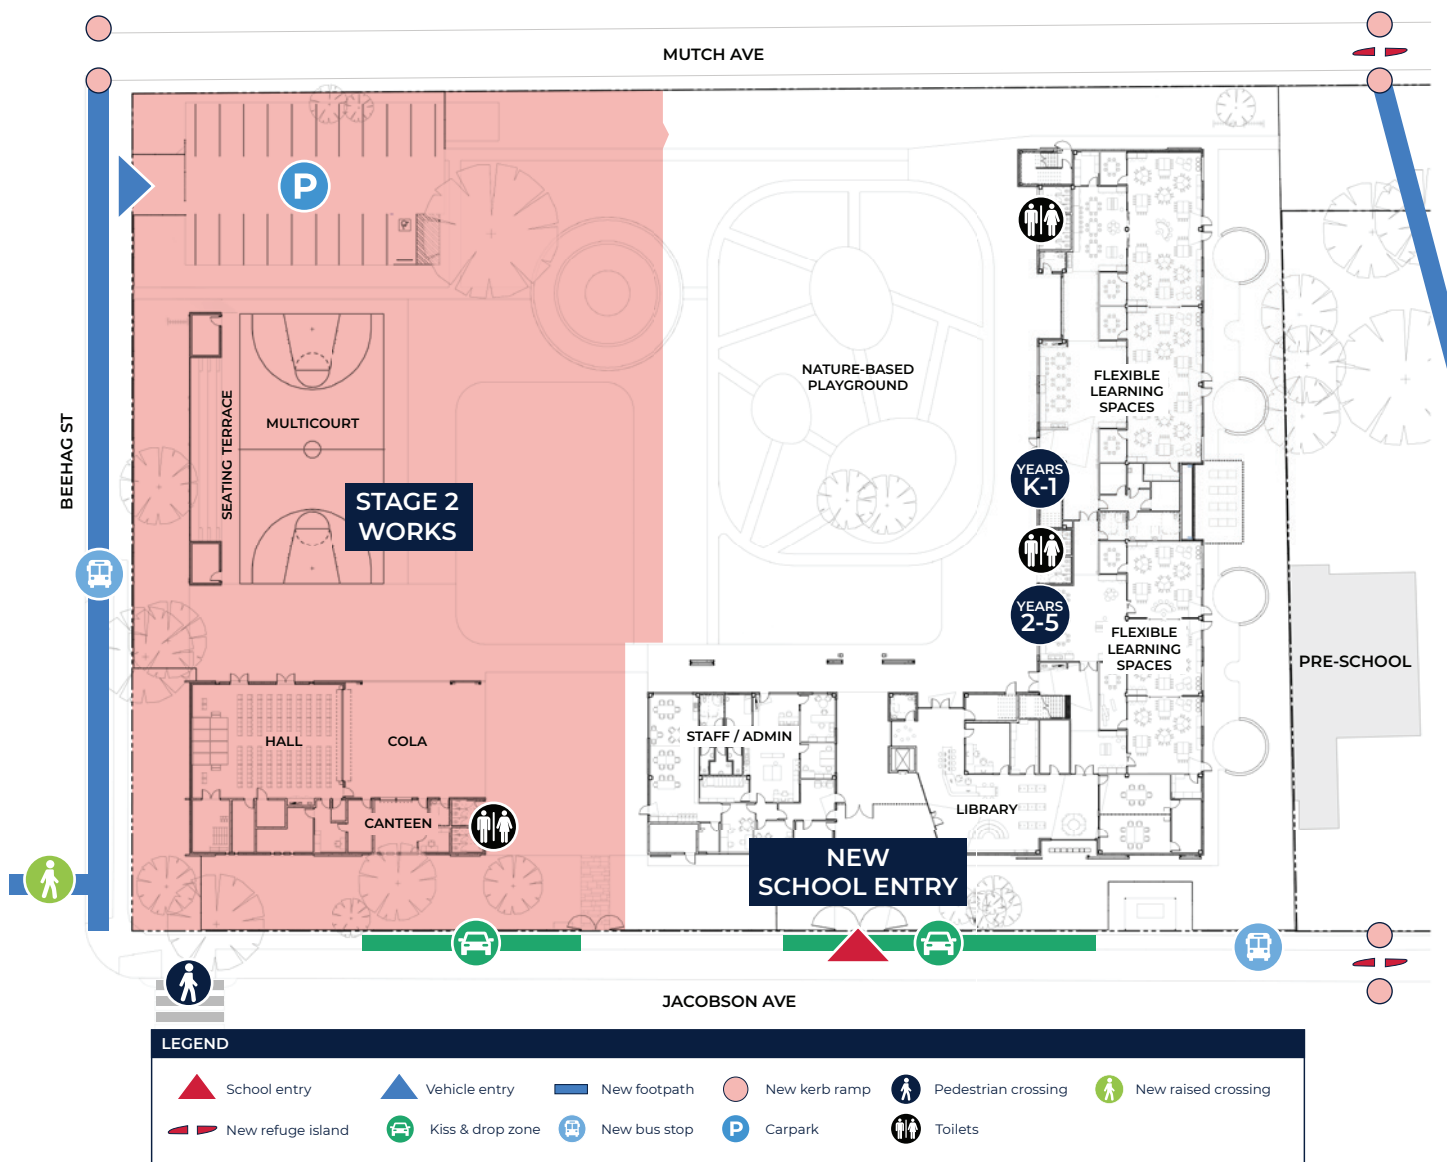

The learning spaces at Kyeemagh Public School will allow teachers to create areas that promote social learning and maximum engagement. Shared corridor and withdrawal areas are designed as meeting spaces for small groups, whilst operable classroom walls allow students and teachers to engage in meaningful collaboration. Flexible seating and furniture provide transformable areas depending on the purpose of the learning task.

Our flexible teaching and learning spaces allow teachers to design a wide range of activities to develop all students' skills and knowledge, encouraging both an individual and collective voice.

We proudly continue to provide vibrant, safe and supportive learning environments where all students learn and grow to be confident, resilient, self-directed future citizens.

We look forward to sharing our amazing new spaces with our community and thank you for your continued patience as this project is delivered.

Rebecca Ferguson
Principal

Flexible learning environments

This exciting project has delivered new learning environments for the next generation of young minds. The new learning environments offer flexibility where teachers can provide more opportunities for student engagement.

The learning spaces:

- are adaptable to accommodate small or large groups
- provide accessibility to new technology in a variety of settings
- encourage a personalised learning experience so students learn at their own level and pace.

New library space

Frequently asked questions

Have the school entrance locations changed?

Yes, starting from Term 3, all students will enter via the main school gates on Jacobson Avenue.

Can I still enter the school via Beehag Street?

No, the Beehag Street school entry closed at the end of Term 2.

Where are the new kiss and drop zone locations?

Two kiss and drop zones are now located on Jacobson Avenue.

What are the new traffic conditions in place around the school?

To help keep children safe, manage traffic flow and minimise congestion, Bayside Council has introduced new parking restrictions around the school. The new restrictions will be in place from 12 July 2021.

These are outlined below:

Kiss and drop zone on Jacobson Avenue

8:00am to 9:30am and 2:30pm to 4:00pm, Monday to Friday.

Bus zone on Beehag Street

5:30am to 7:00pm, Monday to Friday.

Bus zone on Jacobson Avenue

7:30am to 8:30am and 2:30pm to 3:30pm, Monday to Friday.

No stopping zone on Tancred Avenue, between Mutch Avenue and Jacobson Avenue

There is limited parking available at and around the school. We encourage parents and carers to use the kiss and drop zones around the school. See the site map for kiss and drop zone locations.

Parking at a safe location, such as Kyeemagh Boat Ramp Reserve car park or around Mutch Avenue and walking the remaining distance to school is another recommended travel option.

There is no school parking permitted in the North Brighton Preschool car park.

Please comply with the new traffic and road rules around the school.

What works are still to be completed?

The following works will be completed in late 2021:

- the new multicourt sports space
- the new hall
- a new canteen
- staff car park upgrades
- covered outdoor learning space.

How will the operational area of the school be safely separated from the construction zone?

The construction site will be separated with barriers and fencing and not pose a risk to staff, students or the local community. The school will operate in the newly completed part of the school, while the remaining construction work continues.
