Lake Cathie Public School

Project update

February 2020

Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

Lake Cathie Public School

A project is underway to upgrade Lake Cathie Public School. The upgrade will include:

- 17 new flexible learning spaces, inclusive of two Support Unit classrooms
- A new school hall
- The existing school hall will be refurbished into a new library and Special Programs Unit
- A new bus bay
- Landscaping

Progress summary

The State Significant Development Application (SSDA) has been approved by the Department of Planning, Industry and Environment.

Site establishment works are underway in preparation for main construction works. Site fencing and hoarding are being installed to separate the construction site from the school. Main construction works are anticipated to commence in early 2020.

Information session details

There will be a drop-in information session held at the school library (Block B) on Tuesday 3 March, 2020 from 2.00pm-4.00pm. The project team will be available to answer questions and provide an update on the progress of the project.

We invite you to come along and find out more.
