Lake Cathie Public School

Project update

November 2019

Investing in our schools

The NSW Government is investing \$6.7 billion over the next four years to deliver 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

Lake Cathie Public School

A project is underway to upgrade Lake Cathie Public School. The upgrade will include:

- 17 new flexible learning spaces, inclusive of two Support Unit classrooms
- A new school hall
- The existing school hall will be refurbished into a new library and Special Programs Unit
- A new bus bay
- An upgrade to landscaping

Progress summary

Concept and schematic designs are finalised, with input from the school community. The detailed design has also commenced.

The State Significant Development Application (SSDA) was lodged with the Department of Planning, Industry and Environment in February 2019.

The construction tender has been awarded to AW Edwards. Construction is expected to start in late 2019, subject to planning approval.

School Infrastructure NSW will continue to work closely with the school community and share regular updates as the project progresses.
