

# Lake Cathie Public School

## Project completion

Inside the new Lake Cathie Public School hall

We're excited the Lake Cathie Public School upgrade has been completed and is ready for use. Stage 3 consisted of:

A new hall

2 supported learning classrooms

Landscaping

Stage 1 and 2 of the upgrade was previously completed and delivered:

15 new flexible learning spaces

A new bus bay

A new library

Special programs unit

Thank you for your patience during construction. We are thrilled to deliver this project for the school community.

# Message from the Principal

---

On behalf of the school, I would like to welcome the community, parents, staff and especially the students to our additional new facilities at Lake Cathie Public School with completion of stage 3 of construction.

The completion of the upgrade is exciting as we move towards an enhanced way of learning at Lake Cathie Public School. Opportunities to further nurture and encourage students are key features of the final stage of our school upgrade with a new hall, supported learning classrooms and expanses of additional open play spaces.

These additional spaces provide the school with abundant opportunities to further enhance learning for students with high support needs, students with interest or talent in sport and physical activity and those who just love the creative arts.

Community and connection to local Aboriginal community is a core value at Lake Cathie Public School. We have been so fortunate to be on Birpai Country and to have a community-led team of local trades and suppliers involved in this project. We had mums and dads on site as builders, carpenters, crane drivers, painters, floor sanders, door specialists and landscapers to mention just a few, locals, many with their own children at our school or enrolling in the future.

This has resulted in an outstanding space for learning, growing and nurturing for the many children across our community that will benefit from this amazing community facility well into the future.

## Frequently asked questions

### Are there any more works to be completed?

No, the final stage of the upgrade is now completed.

### When will parents be able to view the new facilities?

We are aware that parents and carers would like a tour of the new facilities. While we are unable to run physical tours of the site due to the health restrictions in place, we look forward to welcoming our school community to view our new school as soon as we can.

## Thank you

We would like to thank you for your patience as we delivered this upgrade. Your support and co-operation has made it possible for us to deliver these new facilities for the students and staff of Lake Cathie Public School.
